Love Affair Leads  
To Shooting Tragedy

The most tragic event ever to take place in the Irma district happened Thursday afternoon, Sept. 10, when Bernard L. Mundie, 28 years of age, of Saltcoats, Sask., is alleged to have shot Miss Edith Watson, 20, of Kinsella, Alta., at the Ross school, six miles north-west of here, where she was teaching, and then sent a bullet into his own head from the effects of which he died shortly after.

Mr. Mundie, who had worked for several farmers around the district since coming here two years or more ago, had been keeping company with Miss Watson during last Winter and spring.

On Thursday he was in Irma until early in the afternoon when a farmer gave him a ride to within three miles of the school.

As Miss Watson has not recovered sufficiently yet to give an account of the tragedy it is only supposition as to what happened after this. He is supposed to have walked to a bachelor's shack belonging to J. Ribaritz, half a mile east of the school where he helped himself to a single shot .22 calibre rifle and a few shells and going from there to the school.

Miss Watson and Mr. Ivan Archibald's young son, John, who does the janitor work, left the school building together to get their saddle horses out of the barn. The Archibald boy immediately started for home while Miss Watson took her horse back to the school to get some books and to lock the door.

It is supposed that Mr. Mundie entered the school while Miss Watson was getting her horse and that he shot her through the left breast, barely missing her heart, while they were in the school room. An empty .22 shell was found on the floor of the school the following day.

Miss Watson also had a bruise on the side of her head. In some way she was able to mount her saddle horse and rode to Mr. Rick Larson's home, about a mile south. As Mr. Larson had no car he hurried on to J. H. Peterson's whose son Nelwin took their car to Irma for Dr. Greenberg. The doctor immediately hurried out to Mr. Larson's and took the patient to the Wainwright hospital, where assisted by Dr. Wallace he extracted the bullet. Since then Miss Watson's condition has been steadily improving.

The R.C.M.P. at Wainwright were notified by phone early Thursday evening and on going to the scene of the tragedy found Bernard Mundie in a clump of poplar trees about 4 rods east of the school with a bullet hole in his forehead and a considerable quantity of blood on the ground beside him. They placed him in their car and started for Wainwright, but he died as they passed through Irma.

After communicating with his parents at Saltcoats, Sask., his remains were buried in the Wainwright cemetery. Mr. Mundie Sr. who visited Bernard in Irma last spring, is a foreman on a C.P.R. B. & B. gang in Saskatchewan.

## Obituary

DONALD J. McDOUGALL

Another veteran of the Great War passed away early Saturday morning, September 12, in the person of Private Donald J. McDougall, Reg. No. 3207402, at the age of 39 years. He enlisted in Calgary on March 8, 1918, and saw service in France with the 50th Canadian Infantry Battalion. He received his discharge in June of 1919.

Donald, born in Rolla, N. Dakota, was a blacksmith by trade and lived with his parents here since moving from Hardisty until the death of his father a few years ago. Since then he and his mother have continued to live in Irma during which time he has been quite ill, gradually getting worse until finally passing quietly away. His mother, Mrs. Isabelle McDougall, is the only member of the family left to mourn his loss.

The funeral service was held in the Irma United church on Sunday afternoon, Rev. E. F. Kemp officiating. The returned men of Irma and Jarraw districts attended the service; in a body, the pall-bearers also being chosen from the ranks of the ex-service men, being W. J. Bishop, W. Cole, N. S. Johnson, J. P. Yeend, T. Kirkpatrick and Jas. Hedley. The Irma choir led in the singing of the hymns, O God Our Help in Ages Past, Art Thou Weary, and Safe In the Arms of Jesus.

Interment was made in the Canadian Legion plot in the Irma cemetery. Floral tributes were received from: Irma Branch Canadian Legion; Mr. and Mrs. M. K. McLeod; W. Masson and family; Mrs. and Miss Flevelling; Mrs. Tate and girls; Mr. and Mrs. N. S. Johnson; Mr. and Mrs. J. Fletcher.

ANGUS ALBERT DICKSON

Mr. Angus Albert Dickson of Clairmont, Alta., passed away in a local hospital, Saturday, Sept. 12, at the age of 64 years. He is survived by his loving wife, four daughters, Mrs. J. Dixon, Mrs. R. Ireland, Miss Clara Dickson, all of Clairmont, Miss Margaret Dickson of Edmonton; one son, Leslie Dickson of Clairmont. The remains will be forwarded Monday afternoon to Grande Prairie, where interment will take place. Hainstock and Son, funeral directors—Edmonton Bulletin.

The late Mr. Dickson was the hardware merchant in Irma during the Great War, selling out in the fall of 1919. While here Mr. Dickson built the house now owned and occupied by Mrs. M. Arnold. The sympathy of Irma acquaintances is extended to Mrs. Dickson and family.

"If you have a thing to say," says a careful observer, "say it—don't take half a day; if your yarn has little in it, crowd the whole thing in a minute; life is short—a fleeting vapor—do not fill a 12-page paper with a talk that, in a pinch, could be crowded in an i-ch: boil it down until it simmers, polish her until she glimmers, if you have a thing to say; say it—don't take half a day."

## United Church Notes

Services next Sunday, Sept. 20th: Paschendale 11 a.m., Crescent Hill 3 p.m., Irma 8 p.m. Special attention is called to the annual Rally Day service of the Irma Sunday school at 11 a.m. A particular invitation is extended to parents of scholars, and others will receive just as warm a welcome. The Sunday school attendance passed the 100 mark last Sunday and a record attendance is hopefully expected at this Rally Day service.

Rev. Frank Langford, secretary of Board of Christian Education, writes as follows: "Rally Day offers a golden opportunity to interpret the purpose and function of the church in the life of a community. The organizations of the church are not separate and competing bodies, but agencies of one unified whole, each contributing its share toward the great Christian objective 'till we all come in the unity of the faith, and the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fullness of Christ.' This partnership of the Sunday school in the unified task of the Church needs to be clearly understood and accepted by all, for the Sunday school is the one agency of the Church that shares with the public worship service the honor and privilege of using part of the Lord's Day."

The pastor has just completed the collection of the Missionary gift boxes. About 30 boxes are in use, and the returns nearly reached the \$50.00 mark. It is just possible that there are boxes in use of which the pastor has no record, and if so it will be appreciated if the friends concerned will please send in the information, so as the contents of the boxes may be collected. Dr. Peter Bryce, secy of the Missionary and Maintenance Fund, has just announced that new boxes are available, and a supply will be sent for, if any who are interested will give their names to the pastor. Dr. Bryce, in recommending the use of the boxes, says, "We believe if this method of additional contributions were presented in every congregation, thousands of the boxes would soon be in use and many thousands of dollars would be contributed as an extra offering by the end of the year. It is a humbling fact that a cent a day from the entire membership of the church would provide the sum appropriated for the missionary and other general work of the church."

## SPORTS

The world's baseball series commenced on September 30th, just two weeks from the date of this issue. The New York Yankees of the American league are already in the money by romping home ahead of all competitors. They are now waiting to see who wins out in the National league. It may be either their hated rivals, the New York Giants, or the St. Louis Cards. All radios are being tuned up for the big series.

Helen Jacobs' four year reign as U. S. tennis queen came to an end last Saturday when she was beaten in the final of the tournament by Alice Marble of California. Helen defeated Kay Stammers, the British tennis star, in the semi-finals.

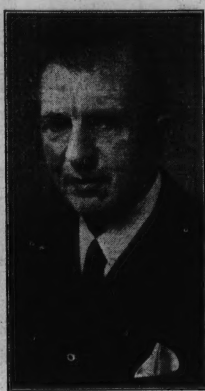

Jack Starkey won the totém pole golf tournament at Jasper last Saturday. This is the second time Jack has turned the trick and his name appears twice on the coveted mug. He defeated Bert Barnabe, of Ottawa, in the final round.

Edmonton fans are still all hot up about wrestling and turn out by the hundreds each week to see a couple of men tear, bite, gouge, punch, and all but commit murder before the gong rings. Steve Jones says it's worse than a Donnybrook fair, whatever that is.

These cold mornings remind us that hockey season is just around the corner. What prospects are there in Viking for a good fast team? It's not too soon for a manager to look over his stock of ivory.

## C.N.R. President

S. J. HUNGERFORD

Mr. Hungerford brings to his new office experience gained during fifty years of service with both the major railway systems of Canada, and an intimate knowledge of the transportation requirements of all sections of the Dominion. He has held, in succession, important positions of responsibility in connection with the operation, maintenance, construction and administration of the Canadian railways. Railroadings has been his life-work and, by reason of this fact, he knows and understands the duties and problems of all grades from apprentice to executive officer.

His lengthy period of service has given him residence in seven of the nine provinces of the Dominion. He has lived and worked in the Maritime Provinces, in Quebec and Ontario, in each of these provinces and in British Columbia. Likewise, he has served in the State of Vermont, where the National System now operates the Central Vermont Railway.

His career is a story of endeavor and achievement. The youth who went cheerfully to work as an apprentice in the locomotive shops of the South Eastern Railway at Farnham, Que., in 1888, has become, in 1936, the man at the head of the largest railway system in the Western Hemisphere. The intervening fifty years have shown that he has the will to achieve. With industry and study he won position after position of increased responsibility.

A few years ago an interviewer closed a lengthy interview by asking two questions of Mr. Hungerford. His answers are so characteristic that they deserve record. Asked what he regarded as the most important factor in the achievement of his success, the president of the Canadian National replied "Attending to my own business and doing it thoroughly." To the query "What do you regard as the secret of gaining the goodwill of tens of thousands of employees?" Mr. Hungerford's reply was even more direct for he answered "Friendly co-operation." These two answers might form the keynote of his career.

## W.C.T.U. MEETING

The W.C.T.U. will hold a meeting Thursday afternoon, Sept. 24, at 3 o'clock in the United church. This will be the annual meeting of this local. Delegate to be chosen for provincial convention in Edmonton on Oct. 7-8-9 and arrangements to be made accordingly. Local superintendents are required to bring in fully prepared written reports of the work done in their respective departments during the past year. All who are interested in progressive, up-to-date temperance work are cordially invited to attend this meeting.

Fred Perry, England's gift to tennis, is the U.S. champ for the third time. He defeated Don Budge, the U.S. threat, quite handily at Forest Hills courts. Perry is rated as one of the tennis greats of all time.

Kinsella Pioneer  
Resident Is Dead

The funeral of Mr. Shippy who died in the Viking hospital Friday was held in the Irma United church on Sunday at 3 o'clock, the Rev. E. F. Kemp officiating. The remains were laid to rest in the Irma cemetery.

Mr. Jasper Shippy was born at McConnell's Grove, Ill., Sept. 29th, 1859, and was married Feb. 4, 1887, to Miss Jennie McComber. To this union four children were born. Mr. Shippy came to this country in 1916 and was a friend to all who knew him. He was of a kind, jolly disposition that made one feel cheered by his presence, and the packed church on Sunday spoke for the esteem in which he was held. He leaves to mourn his loss his wife, two sons, Claude and Ross of Kinsella, and two daughters, Mrs. Golda Blaine of Hoquiam, Wash., and nine grandchildren at Kinsella, besides a host of friends. This community extends deepest sympathy.

Nebraska Utters  
Unique Complaint

Lincoln, Neb. — State Treasurer George E. Hall had a unique problem today—Nebraska's Treasury has too much cash on hand.

For instance, the state's cash balance increased from \$24,247,507 to \$27,027,000, or \$1,379,493 in 19 days. The amount of checks and drafts on hand now totals \$1,283,000 and there's no place to deposit them, so they are held as cash on hand.

"Banks," Mr. Hall said, "do not want state funds. They have more money than they can use and I do not like to ask them to qualify and give security for state deposits which are not likely to remain in the banks very long."

"I have a state checking account on one bank which has asked me to withdraw it."

Mr. Hall said the balances should drop in the next four months because of heavy scheduled expenditures. A purchase of \$300,000 worth of government bonds has just been authorized and the State has no debts to pay since the state constitution bans indebtedness.

In Viking Oct. 3rd

The committee in charge of arrangements for the Viking-Wainwright Athletic Meet met at the home of Mr. Reeds, Irma, on September 2nd. The meet is to be held on October 3rd, at 11 a.m., on the fair grounds at Viking. An announcement regarding the weather conditions at Viking will be broadcast over CICA at 8 o'clock on the morning of October 3rd.

In the event that weather conditions are unfavorable, the meet will be held on the following Saturday, October 10th.

A change in the previous set-up was necessary, that of eliminating the two-room school class. All such schools will be entered as two rural schools.

Two award cups have been promised, one from the Town of Wainwright to be given to the town school having the highest aggregate points, and one from Irma to be the rural school award. A grant to cover the cost of medals is to be donated by the Village of Viking.

The cups are to be for perpetual competition. The plaques for these will be provided by the District Association of the A.T.A. The Association wish it to be known that they take no responsibility for accidents occurring on that day.

The pupils will be classified according to age, one class each for boys and girls, as follows:

Juvenile: A, 7 years and under; B, 8 years and 9 years.

Junior: A, 10 and 11; B, 12 and 13; C, 14.

Senior: A, 15 and 16; B, open.

Following is the list of events:

Juvenile Boys and Girls: 100 yds.

race; 75 yds. race; 50 yds. race; running broad jump; standing broad jump; running high jump.

Junior Boys: 440 yds. race; 220 yds. race; 100 yds. dash; hop, step and jump; running high jump; standing broad jump.

Junior Girls: 220 yds. race; 100 yds. race; 50 yds. hop, step and jump; running high jump; standing broad jump.

Senior Boys: 880 yds. race; 220 yds. hop, step and jump; shot put (12 lb.); pole vault; running broad jump; running high jump; hop, step and jump.

Senior Girls: 220 yds. race; 100 yds. race; running high jump; running broad jump; hop, step and jump; soft ball throw.

Relay Race: Town girls, town boys, rural mixed. Only two pupils from each school can be entered in each class.

[All entry forms must be in on or before September 30th to the Secretary, Mr. Geo. Taylor, Kinsella, or any other member of the committee.]

## Canadian National Veterans Present Their Railway with Loyalty Roll

W. B. the veterans of the Canadian National Railways and associated companies, desire to give expression to the good will which we bear to the railway and its staff.

As it enters upon its Second Century of service to the public, the Canadian National carries with it the sincere good wishes of the great army of veterans—more than 6,000 men and women—who have completed their years of active railroad service but whose hearts remain loyal to their Railway.

To our nation-wide transportation system and to the 80,000 men and women employed upon it, we pledge our loyalty and support, confident that the years ahead will bring to the enterprise full measure of success.

Six thousand, two hundred and seventy names are inscribed on the accompanying roll of Canadian National veterans.

chest, suitably engraved, and on top of which was a working model, in silver, of a big modern locomotive made by a veteran with 52 years of service to his credit, there was a decorated address which read:

"We, the veterans of the Canadian National Railways and associated companies, desire to give expression to the good will which we bear to the railway and its staff. As it enters upon its Second Century of service to the public, the Canadian National carries with it the sincere good wishes of the great army of veterans—more than 6,000 men and women—who have completed their years of active railroad service but whose hearts remain loyal to their Railway. To our nation-wide transportation system and to the 80,000 men and women employed upon it, we pledge our loyalty and support, confident that the years ahead will bring to the enterprise full measure of success. Six thousand, two hundred and seventy names are inscribed on the accompanying roll of Canadian National veterans."

President S. J. Hungerford, of the Canadian National System, while unable to attend, owing to a recent family bereavement, was represented by E. P. Mallory, Assistant to the President, who received the presentation. Other headquarters officers, and W. A. Kingland, Vice-President of the Central Region, were present.

President Hungerford, in expressing regret at his inability to attend, said that he was proud the Canadian National System is one of the great enterprises to have a contributory pension plan to enable all members of the staff to join with the Company in a mutual undertaking to provide for old age.

## Debt Acts in Brief.

The passing of the several Bills under different titles effecting private as well as public debts in Alberta (amounting to over \$600 millions) has prompted The Times to publish the following brief explanations for the benefit of its readers.—Editor.

1. The Provincial Securities Interest Act (Bill No. 5)  
Under this Act the interest on every provincial security, including Provincial bonds, savings certificates and Treasury bills, including Treasury bills owing to the Dominion, is cut in half with a minimum rate of 2%. The Bill validates the Order-in-Council passed in May to the same effect. This Act is now in force.
2. The Municipal Securities Interest Act (Bill No. 20)  
Under this Act the interest on municipal securities, including bonds and debentures, is cut to 3% from and after September 1st, 1936. The Act also provides that no judgment shall be given in any action in Court for interest in respect of any security of a municipality for an amount exceeding 3%. This means that a holder of a city or municipal debenture cannot recover in the courts more than 3% interest. This Act, however, does not come into force until proclaimed by an Order-in-Council. Unless it be proclaimed, the Act does not take effect at all. Should the Act be proclaimed, at any future date, the reduction of interest would be retroactive to September 1st, 1936. The responsibility for putting the Act into force and making the interest cut effective so far as the municipalities are concerned, rests on the government.
3. The Debt Adjustment Act, 1936 (Bill No. 14)  
This Act follows pretty much the same lines as the Debt Adjustment Act, 1933. There are four features as follows:

- (a) The debts affected by the Act include those incurred between July 1st, 1932, and July 1st, 1936. Under the former Act only debts incurred up to July 1st, 1932, were affected. Debts incurred after July 1st, 1936, are not affected by the Act. With respect to all debts incurred before July 1st, 1936, no action of any kind can be taken either by the creditor or the debtor, unless the creditor applies to the Debt Adjustment Board and obtains a permit to do so. If the Board grants the permit, action can be taken in the usual way. If the Board refuses the permit, nothing can be done at all.
- (b) The right of appeal from a Debt Adjustment Board to the Debt Adjustment Board to the Supreme Court from either the granting or refusal of a permit to sue or to be sued, is abolished. From 1933 to 1936 either a creditor or a debtor or could appeal from the decision of the Board to grant or refuse a permit, to a judge. During that period appeals were taken by both creditors and debtors to the extent of 5% of the cases coming before the Board. Notwithstanding that there was no abuse of this right of appeal, the appeal is now abolished and not withstanding the fact that the Board is a one-man Board.
- (c) The power to declare a general moratorium in Council is given power to declare a general moratorium either in Council or generally throughout the Province. This is a power that was never before given to a government.
- (d) The extension of the Act to include all classes of debts. Formerly the only debts affected were the debts of farmers and home-owners in respect of their homes, and merchants. Now the Act is extended to include the debts of all members of the community and not certain classes. This new Act is already in force.

4. The Reduction and Settlement of Debts Act (Bill No. 15)  
This Act distinguishes between "old debts" and other debts. Old debts are defined as those which arose before July 1st, 1932. Other debts are those which arose after July 1st, 1932. In this connection, debts to the Alberta government are exempted from the operations of the Act. Such debts amount to upwards of \$15,000,000. As to "old debts," such debts are fixed as they stood at July 1st, 1932, with interest thereon computed at the contract rate. After July 1st, 1932, all interest on such old debts is completely wiped out and any payments of either principal or interest made on such old debts after July 1st, 1932, are credited on the debt as it stood on July 1st, 1932.

As old debts which arose after July 1st, 1932, interest is fixed at 5% or less, 5% being the maximum allowed on such debts notwithstanding the terms of the contract. This applies not only to debts which arose between July 1st, 1932, and the present time, but also to all debts which will arise in this province from now on.

The provisions of the Act relate not only to unsecured debts, but to all secured debts, whether by mortgage or otherwise.

"Old debts" are payable by instalment over a period of ten years, the first payment to fall due November 1st, 1937.

The Debt Adjustment Board is given power in case a debtor defaults on any of these instalments, to give a direction for the payment of part of the instalment, in which event the balance is extended over on future payments. The Debt Adjustment Board is also given power, after making a careful investigation, to grant a permit to sue for the entire debt, that is, including all future instalments, where the circumstances justify such action.

The Act also provides that where the Debt Adjustment Board has already under the former Act 1933 given directions for the payment of money in the year 1936, such directions are to stand in full force and effect.

This Act is already in force.

Getting In On the Adult Education Movement

A great adult education movement is under way. Increased leisure and unemployment have provided part of the time. Modern conveniences have lightened housework, opening new opportunities to the housewife for cultural growth. Rapid changes in our economic and social order, resulting in technological unemployment, are demanding adjustment to new ways of living and thinking, have created a demand for continuing education throughout adult life. . . . In the midst of all this adult education work, most of which is of a higher order, shall not the church launch its own new education plan? Only so can the church enable its adult members to keep abreast of religious thinking and find in Christianity the guidance so sorely needed in our confusing age. —Learning for Life.

BY THE WAY

When "buttered" crumbs are called for, the best way is to melt butter, add crumbs and mix well and then sprinkle over the top of food. If butter is merely "dotted" over the top it does not evenly mix with the crumbs.

Cottage cheese, mixed with orange marmalade, grape jelly or raspberry jam makes a good filling for graham bread sandwiches. The combinations are tasty as well as nutritious.

If a few grains of salt are added to the sugar when making cooking icing, they will prevent the icing from sugaring.

## THE CROP TESTING PLAN

As in past years the Companies associated with the "Crop Testing Plan" will again accept samples of wheat from farmers for testing for trueness to variety, free of charge, in growing plots next summer. Thousands of farmers have increased their incomes by having their grain tested by us under this plan.

See the nearest Searle Agent about having YOUR wheat tested. It will be to your benefit.

## A CAMPAIGN OF FALSEHOOD

The opponents of the present methods of grain marketing are using freely the weapons of abuse and misrepresentation in endeavours to discredit the grain trade, to force their own policies upon the country and to obtain an unfair advantage for the Pools at the country elevator points.

### THE FOLLOWING FACTS ARE TRUE:

1. The Western Pools are and have been since their inception, members of the Winnipeg Grain Exchange. They continually use the facilities of the Exchange for the benefit of their customers.
2. When representatives of the grain trade were called upon to give advice to the Dominion Government in 1935 concerning the establishment of a Wheat Board, they appeared publicly before a Parliamentary Committee. On that occasion, as the first witnesses called, they advised the Government to appoint a Wheat Board, to provide a minimum price for the protection of farmers and to use every available channel to market Canadian wheat and to maintain Canada's place in the wheat markets of the world. The representatives of the Western Pools, on the same occasion, demanded the Wheat Board Bill in its original form under which no provision was made for a minimum price but only for the establishment of a compulsory marketing system.
3. The Winnipeg Grain Exchange is one in the chain of world's grain markets. It is a meeting place for all buyers and sellers of grain. The grain trade has no quarrel with those who think a better method can be found, but up to date no one has discovered a method of marketing that will better serve the interests of the farmer.
4. It is in the interest of the grain trade that the farmer should obtain the best possible price for his product and the maximum Government support in the hour of his need. The interest of the grain trade is not thus at variance with that of grain growers; on the contrary, the grain trade realizes keenly that the prosperity of agriculture is essential to the well-being of the Dominion and of all its industries, including their own.
5. No line elevator company, any more than a Pool elevator company, designs to make profit from the fluctuation of grain prices, which are determined by numerous causes that are not and cannot be controlled by the grain trade, the Wheat Board or the Pools.
6. As has been stated before on numerous occasions, in the plainest possible terms, the grain trade and the Winnipeg Grain Exchange have made no representations to the Government against the fixing of a high minimum price nor in favor of the disestablishment of the Wheat Board or the curtailment of its activities.

### THE FOLLOWING QUOTED STATEMENTS ARE FALSE:

1. The Western Producer, which is the organ of the Saskatchewan Pool, states in its issue of September 10, 1935, that the Government has decreed the death of the Wheat Board and thereby has complied with the express desire of the grain trade. THIS IS FALSE. The grain trade has expressed no such desire.
2. The same paper, in the same issue, states, "The work of a generation is to be scuttled and if its present intentions are carried out next year, and for many years thereafter, the farmers, if they have a crop, are to be thrown to the wolves of the Grain Exchange." This statement is merely abusive and its implications libellous. If it is intended to mean that the members of the Grain Exchange, which comprises all the elevator companies (including the Pools), the mills and merchants, both foreign and domestic, who compete for the sale of the Western Canadian crop, are organized for the purpose, not of service to the producer but to prejudice his interest, this statement is not only false but must be known to be false to the editor and owners of this paper.
3. The following is contained in a circular forwarded to various organizations throughout Western Canada by the Saskatchewan Provincial President of the Co-operative Commonwealth Federation: "The Government, by setting the pegged price at 75¢, basis No. 1 Nor. Fort William—75¢ to the farmer—has taken money from you and given it to the Grain Exchange." This statement is false and can only be based upon complete ignorance or extreme malice. No line elevator company, any more than any Pool elevator, designs to make any profit from the fluctuations of grain prices. The grain trade challenges the gentleman who made this statement to explain it and to prove it. It is inconceivable that the Western Pools and the elevator companies who have served the producer of Western Canada for so many years, efficiently and honourably, should be willing to continue to belong to an institution which is organized for any such evil purpose.
4. The numerous statements being made throughout the country by propagandists that the grain trade is desirous of anything but the welfare of the farmer, or has brought pressure upon the Government with reference to the Wheat Board or the wheat policy of Canada, is untrue.

NOTE: It is understood that a Commission will shortly inquire into the grain marketing system. The grain trade invites those who have made the above statements and similar misrepresentations of fact, to appear before the Commission and support their statements by evidence and argument.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Hangar, Calgary, Alberta," will be received until 12 o'clock noon (day-light saving), Friday, September 25, 1936, for the construction of a land-plane hangar at the Calgary, Alberta, Aerodrome.

Plans and specifications can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, and the Resident Architect, Calgary, Alberta.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered

bank in Canada, payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

Note.—The Department, through the Chief Architect's office, will supply blue prints and specifications of the work on deposit of a sum of \$15.00 in the form of a certified bank cheque payable to the order of the Minister of Public Works. The deposit will be released on return of the blue prints and specification within a month from the date of reception of tenders. If

Special interest was centred in the visit of the ministers to the Grouard constituency, where the seat is now vacant by reason of the regrettable death of the Liberal member, L. A. Groux, M.L.A. It is evident that the Crediter party is preparing to run a candidate in the by-election that must take place. No candidate has yet been selected, however, though there are several with ambitions.

Mr. Aberhart in all his addresses in this riding paid generous tribute to the memory of Mr. Groux, who he described as one of the most capable members of the house in opposition to the government, and a man he regarded as a friend.

There is wide satisfaction in the capital over the appointment of Colonel Primrose, of Calgary, as successor to Hon. W. L. Walsh as lieutenant-governor. He is regarded as a suitable and capable as well as a deserving appointee to the high post as representative of the crown in Alberta.

## Hail Aberhart In Peace River District

By T. B. Windross

Edmonton, Alta., Sept. 15.—During the past week Premier William Aberhart and Hon. W. W. Cross made a tour of a large section of the Peace River country and spoke to crowded meetings at all points they visited. The writer of this weekly letter went with the party for the purpose of getting first hand impression of what took place during the trip and of providing the editors and papers served by him with an accurate picture of the events and a fair estimate of the premier's impression on the north country.

This account is written without prejudice either way of the over and deals only in facts. The party returned from the northern trip late Saturday night.

The government leaders left Edmonton by train for Peace River and from there were driven over the three constituencies of Peace River, Grande Prairie and Grouard. They covered nearly 800 miles by auto and saw much more of the country than could possibly be explored from the railway.

Thirty-two towns and villages were visited and seen on the trip, including Peace River, Grimshaw, Dixonville, North Star, Notikewin, Hotchkiss, Berwyn, Brownvale, Whitelaw, Bluewyn, Fairview, Hines Creek, Dunvegan, Roycroft, Spirit River, Sexsmith, La Glace, Vahalla, Hythe, Beaver Lodge, Wembley, Dimdale, Grande Prairie, DuBois, Glen Leslie, Calais, Valley View, Triangle, High Prairie, McLennan, Donnelly and Falher.

At Falher the premier and his minister of health took the train again for Edmonton and at Grouard and Kinuso. Impromptu receptions were staged on the railway stations at the train halted.

During the past week the government has been redeeming as many of the prosperity certificates as came in to the treasury department. No estimate of the number redeemed is possible for some days as they are still arriving from distant points by mail. But nobody with a reasonable claim to have their certificates redeemed for cash has been turned down. In some cases a cheque has been given instead of actual cash, but nobody has been refused.

There is no need to exaggerate the popular demonstration given the premier, even if one wished to do so. Nothing could have been more gratifying to him than the continuous crowds and applause he received at every meeting he addressed. At no place was there a hall large enough to hold the audiences that came to hear the ministers. In Beaver Lodge and Grande Prairie amplifiers carried the speeches to second audiences filling another building. At Spirit River as many people as had crowded into the theatre stood outside in the cold to listen to the speeches. Thrilling rigs shut down in numbers of instances to allow the crews to ascend and on every side there were unmistakable evidences of unusual interest.

It would be unfair and inaccurate to suppose there was no opposition to the Social Credit leaders or disapproval of their policies, but either out of courtesy or from motives of some other sort not audible at any point was there any notable opposition to the premier or Dr.

An old maid in Lacombe says she had a most shocking experience the other evening. According to the way she tells it, she was sitting out on the back porch along about dusk with her cat purring contentedly beside her, when a strange man came up the walk, entered without knocking, and pulled her into his arms.

"He was a near-sighted man," she says, "and he mistook me for his sweetheart. It was all of two hours before he discovered his mistake!"

Pat: "That was a foine sentiment Casey got off at the banquet last night."

Mike: "What was it?"

Pat: "He said that the swatetest memories in loife are the recollections of things forgotten."

Better Not Park in Edmonton  
Cop: "Say, do you realize you were going sixty-five miles an hour?"

Sweet Young Thing: "Sixty-five! Don't be silly! I couldn't have been going over 30 at the most. In fact, I don't believe I was going more than 25 at the outside."

Cop: "Well, maybe you're right. I'll just tear this ticket up and give you one for parking."

A racketeer on trial for murder bribed an Irishman with \$100 to hold out for verdict of manslaughter. After being out for a long time, the jury returned the desired verdict.

"I'm very grateful to you," the racketeer told the Irishman. "Did you have much trouble?"

"Yes," replied the son of Erin, "I had a devil of a time. All the rest wanted to acquit you."

## LARGE CROWD GREETED HON. E. C. MANNING AND GOVERNMENT SUPPORTERS AT MASS MEETING HERE

(From the Viking News)

One of the largest crowds ever to assemble at a public meeting in Viking since premier Aberhart was here last August, greeted the appearance of Hon. E. C. Manning, minister of trades and industry in the Social Credit government, at the Elks' hall last Friday evening. Long before time to open the meeting the hall was filled to capacity. An overflow crowd gathered in front of the hall and in cars parked nearby and listened to the speeches from a system of loud speakers that had been installed especially for the purpose. An orchestra led by Ken Hilliker broadcast music previous to the opening of the evening's program.

H. A. Meredith, president of the Viking social credit group, made a capable chairman. He announced the purpose of the gathering, stating it was not a political meeting in the accepted term, but a gathering of citizens to hear Hon. Mr. Manning explain the covenants and registration forms. A pleasant surprise was in store, he said, as Hon. Mr. Fallow, minister of public works, was also present. Others seated on the platform were Mr. A. E. Fee, M.L.A., Mrs. Hyslop and C. G. Purvis.

Called on for a speech, Mr. Fee felt delighted to be present. He told of his conversion to the social credit cause when Mr. Aberhart had visited Killam on several occasions two years ago. He was converted to social credit from a business point of view after seeing the rise and fall of economic conditions in his community. He said he considered the Sedgewick constituency the best in the province, but his heart was won when he saw the swinging on one hinge, windows stuffed with old rags and sacks, barns unpainted and houses going to wreck and ruin. He felt that Social Credit was the remedy for all this, joined the party and was elected member of the legislature. He spoke briefly on some of the measures brought down at the special session.

The next speaker was Mrs. Hyslop who made a special plea for the purchase of Alberta made goods. She read a laudatory article published in a Liberal paper in Toronto, dated August 18, in regard to the scrip issue in Alberta.

Hon. Mr. Fallow proved himself quite an entertainer with a fund of stories. Like the other speakers, he deplored the critics of the government, especially certain sections of the press. He told how he had been misquoted by newspapers and the report went round the world. What he really had said in one instance (referring to the press) was that "I never make such a fuss now, what will they do when we get into our stride. You might just as well try to turn back the tide of the Atlantic as to stop us." He stressed the quality of Alberta made goods. His wife had made a specialty of buying only Alberta made goods for the table and he had waxed fat thereby. He stated that Aberhart had undertaken the biggest task that any man ever undertook in the history of the world, and if the people stand behind him no power on earth can prevent his carrying out all the promises he made in pre-election speeches.

The chairman called upon C. G. Purvis to introduce Hon. Mr. Manning. Mr. Manning stressed the ground work that had already been done to establish social credit principles in Alberta. He contended that the existing financial system had become a barrier in the efficient distribution of goods. The task was to remove that obstruction and to provide in its place a system that would ensure adequate facilities for efficient distribution of goods and services in order that production and services in the future will be for use rather than for profit.

Speaking for over an hour he made an impassioned plea for support of all citizens in the great experiment now being undertaken to apply Christian principles in the affairs of the government. Mr. Manning explained the registration forms and the objects of the registration. His speech throughout was punctuated by applause from the large audience and it was generally agreed by all that he was an able young man whose heart was in the cause.

In reply to a question whether a citizen could have an account in the state credit house if he had not signed the covenants and registration forms, Mr. Manning replied that he could, but that the non-signing citizen would not have the benefit of basic dividends and interest-free loans.

Mr. W. Masson, M.L.A., was also on the platform, and gave a short, but interesting talk.

A resolution was passed asking the

federal government to peg the price of wheat at \$1.25 per bushel.

A collection was taken up to defray expenses. The singing of the National Anthem brought the meeting to a close.

"I hear, Uncle Wash," said Doctor Brown, "that all your folks have the itch."

"Yas suh, Doctah," replied the old darky, "de good Lawd has done 'flicted we-all dat way."

"And are you doing anything for it, Uncle?"

"Oh, yas suh, Doctah, yas suh."

"What are you doing?"

"Why, suh, doctah, we-all is scratchin' suh."

Hi: "What was that explosion on Cy's farm?"

Ram: "He fed his chickens some 'lay-or-bust' feed, begosh, and dinged if the rooster didn't get some of the dratted stuff."

A fussy old lady, travelling cross-country via bus and the great open way, finally became irked to the extent of firing a salvo at the driver because of frequent stops. "Such transportation," she boomed, "why, you stop at every telegraph pole."

"Sorry, lady," said the driver, "but this bus is a Greyhound."

"The man who gives in when he is wrong," said the orator, "is a wise man, but a man who gives in when he is right is—"

"Married," said a weak voice from the audience.

While making a purchase at the Wainwright meat market, a lady glared at the butcher and said: "What do you mean, giving me a bone?"

"I'm not giving it to you," he replied, "You're paying for it."

When a lady-chairman of a local organization sent in her resignation some time ago, she was urged by the members to reconsider her action.

"You must remain on the job," one lady exclaimed, "for we have nobody who could fill your shoes."

"Why is it that people always associate the stork with the bringing of babies?" asked a doctor at Innisfail of a friend. "Probably an account of the size of its bill," the friend suggested.

Potatoes used in salad should be thoroughly chilled, and with a sharp knife cut into half-inch dice. Add rest of ingredients and mix with fork. This will aid in preventing salad from becoming "mushy."

## LITTLE THINGS

By JANE DEE

HAVE you ever realized how important the "little things," such as hats, gloves, bags, shoes, hose and jewelry, are to your outfit? Costume perfection can be achieved only by careful selection of the correct accessories, matching them where they should be matched and using just the correct touch of contrast when it is necessary.

If you are one of those smart well-dressed women who has a new Fall suit, coat or frock and is in doubt as to how it should be accessorized, why not write to the Stylist Service created for you by EATON'S and I will gladly suggest what type of accessories you should have. Just give me the color, fabric and silhouette of your costume and I will be able to tell you what kind of hat, gloves, bag, shoes and jewelry to choose.

Remember that this service is available only at EATON'S Mail Order, Winnipeg, and that I act only in an advisory capacity.

### W. C. T. U. NOTES

There is the Dept. of Medical Temperance. It functions to broadcast, through educative channels, the modern fact, scientifically established, that there are other things more effective as remedial agents than alcohol. This fact was evidenced by the statement of Queen Victoria's physician who said "alcohol is a poison—health is always in some way injured by it." In evidence of the application of this fact exists in the lessening use of alcohol in eminent hospitals, where the amount lessens very perceptibly, as one decade succeeds another. Statistics from many of the largest hospitals in London prove this, even when the number of patients increases.

Time was when resorting to alcohol as an almost universal remedy was widely practical. Then it was classed as a stimulant; now it is recognized as a narcotic. All progress is slow in the sluggish waters of tradition, prejudice and ignorance. But the earth turns eastward—toward the rising sun. We all know that whatever we put in our mouth of food or drink must have either a deleterious or beneficial effect on our body. Sir Victor Horsley, one of the world's most eminent specialists, spent many months in experimental proofs that

alcohol is injurious to all parts. We have learned that alcohol is indisputably injurious to each and every organ, and bright progressive spirits everywhere are advocating something very different from alcoholics as remedies.

—Nancy Orpha Parke.

Harvest festival services will be held in St. Mary's church on Sunday, Sept. 27, at 2.30 p.m.

We were very pleased to have the children's choir from Viking with us on Sunday and hope to have the pleasure of their company again in the near future.

A very pleasant meeting was held at the home of Mrs. Yeend on Sept. 10, when the members of the W. A. presented Mrs. Higginson with a farewell gift. The Rev. E. N. Bateman expressed the regret of all at Mrs. Higginson's departure. Mrs. Higginson very feelingly replied. The meeting closed with the hymn, "God be with You" after which lunch was served by the W. A.

Heard at the social: "Is that a popular song she is singing? 'It was before she started singing it.'"

### Ladies' Aid Meet

The largest meeting of the Irma ladies' aid was held last week at the home of Mrs. James Fenton. In spite of the cold wind and rain, 22 members and nine visitors were present. The Aid felt honored in having Miss C. Perkins of New Zealand, Mrs. J. Blakely of Vancouver Island, and Mrs. P. J. Hardy of Edmonton, with them. Miss Perkins gave a very interesting talk on the wonderful improvement New Zealand has achieved in child welfare and care of mothers and babies. October 9th was set for the annual Thanksgiving supper and committees appointed for same. The next meeting will be held Oct. 8 at the home of Mrs. Arnold.

### CARD OF THANKS

Mr. and Mrs. William Prior and family wish to thank their many friends, particularly Mr. Phaesey and Mr. Fletcher, for the kindness and sympathy extended to them during their recent sad bereavement. Also for the many beautiful floral tributes.
